### **DETAILED ACTION**

1. This is in response to the arguments filed on 24 May 2006.
2. Claims 1-30 are pending in the application.
3. Claims 1-30 have been rejected.

#### ***Response to Arguments***

4. Applicant's arguments with respect to claims 1-30 have been considered but are moot in view of the new ground(s) of rejection.

#### ***Response to Amendment***

5. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. Claims 1-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 3, 4, 7, 8, 11, 12, 13, 15, 16, 19, 20, 21, 26 and 30 recite the limitation of encrypting/decrypting data. However, it is unclear to the examiner what the "data" being encrypted is. It is unclear to the examiner if the data is the result of the hash on the hint and the password or some other data that has not been claimed. Clarification is requested.

Any claims not directly addressed are rejected on the virtue of its dependency.

*Allowable Subject Matter*

7. Prior art does not teach, "performing a hashing algorithm on the hint and the password to generate a key", as recited in the independent claims.

*Conclusion*
